Oct 28-SMS Stemfest -UNH/SMS STEMS Collaboration: 10am-2pm

The UNH Engineering Department has teamed up with SMS to host the first ever SMS Stemfest. The UNH ambassadors are students who will offer STEM experiences for our younger students, encouraging the love of learning about Science, Technology, Engineering and Math for students grades 5 & 6. SMS will host two other middle schools; Great Brook and Jaffrey Middle School on Oct. 28 from 10-2pm.

STEMbassadors are a team of more than 40 CEPS students who are dedicated to providing inspiration, role models and hands on STEM activities to students. All nine academic departments within CEPS are represented, ensuring a wide-range of topics are delivered to the K-12 community.

Lunch (pizza) will be provided that day. This event is free to the first 60 students who sign up in the SMS office by Oct.1. We will be sending more information home with parent permission slips in October. I wanted to have parents save the date and have students sign up as soon as possible, if interested.

I am very excited to have this opportunity to work with UNH ambassador students from the field of Engineering at SMS to work with our students.

There will be a brief parent meeting that morning at 10am in the gym and then students will go to workshops until 2pm. Permission slips and medical forms must be turned in before students can participate. Lunch will be for students only and parents can leave as long as we have permission slips and medical forms.

2pm pick up out back by gym.

First Day Packet of Important Forms:

Please return forms by Friday, Sept 8. We need to distribute health forms and legal forms for guardianship as soon as possible. Thank you in advance for your efforts.

Student Planners- Student Planners are issued to each student the first day of school. The planners are very important every day to let students know the rotation of each day. Students should write down their assignments every day in the planner. Please monitor the work that students write down on a daily basis. If a student loses the planner they will have to purchase a new one at the cost of \$5.00.

Power School Parent Portal is open. Please check to see that you can get in to the Parent Portal. This is a great way to monitor student performance. Teachers are asked to update the student information every two weeks.

If you can't get in to the portal we will have support in the computer lab during Open House 5:30-7:15pm.
