## ESSAY FOR EHP - at least 300 words

Tell me about yourself. Why are you interested in the joining EHP and the class you would like to take. In webcasting, you learn how to create slides and make movies. In simple machines, you will learn how to design working machines using LEGOs. Mind puzzles uses your brain to figure out games and puzzles that may take several classes to solve and in newspaper, you will learn a lot about the computer and how to put a newspaper together. Photography is taught in both newspaper and webcasting.

Have you been keeping up with all of your work in all of your classes? What do you dream about doing in the future?

The subject in EHP that you/your child is signing up for is an optional class. He/she needs to be responsible for any class that is missed to take EHP. It is the student's responsibility to go to the class teacher and get the work he/she missed to be in EHP. This can happen before school, lunch/recess, advisory and sometimes PLUS block.

The student is also expected to keep up with the EHP work and not disturb the learning of others.
