**July 23, 24, 25**  
**July 30, 31 + August 1**  
**9 am to 12 pm**

# South Meadow School

## 1. Open Library/STEAM Activities

In addition to IXL and open Library, we will be exploring various STEAM activities that will include coding; problem-solving; 3D roller coaster activities and more...

## 2. CSI Science Week One

Back by popular demand, a student-centered, interactive unit, engaging students in experiments where they can learn techniques that allow them to critically think about clues they discover, which they will then use to investigate and solve a crime.

Students will be engaged in:  
Fingerprinting, Chromatography, Soil Analysis  
and The Science Behind Invisible Ink

## 3. Food Science Week Two

A student-centered, interactive unit, with hands on experiments where students can explore different aspects of how science is related to what's happening in the kitchen. Students will walk away with finished food products.

Students will be engaged in Experiments Pertaining to :  
How various ingredients effect foods  
Chemical reactions with food products (ice cream, cheese, and rock candy)  
***Please let instructors know of any allergies ahead of time.***

## 4. World Drumming

Play. Sing. Move. Drum. Drumming increases concentration, focus, and it helps develop communication skills. It is a great way for children to explore their creativity, which leads to greater respect and understanding of themselves and others. (Can take both weeks.)

### Teachers

Sara Norby, SMS 7th Grade Science  
Meredith Lyons, SMS 8th Grade Science  
San Murray - SMS Technology Integrator  
Elizabeth Fortin - SMS Music Teacher

# Great Brook

## 1. Let's Jam!!!!

An opportunity to explore world music through listening, playing and improvising! No experience necessary. Instruments will be provided, or bring your own!

## 2. History Of Antrim

Students will engage in an exploration of the history of this quaint New Hampshire town. Walking field trips will bring students into contact with primary source documents and first-person accounts.

## 3. Coding and 3D Design

Students will have the opportunity to learn basic coding and explore 3D design and printing.

## 4. Music in Film and on Stage

Each day students will watch a different musical film. Afterwards, students will be given skits where they can act out the musical. Students will be exposed to Musicals, Drama and Instruments. Students will be able to create their own musical selections. This will be an indoor and/or outdoor class. A chance to be creative in your own way!

### Teachers

Jahna Moncrief, GBS Instrumental Director  
Riley Beliveau, GBS 5th Grade Teacher  
Patrick Cogan, GBS Choral Director  
Sarah Hale, GBS Technology Integrator
